New OEM E67 ECM

\$149.99

Need a spare ECM for your vehicle for fear of warranty issues or do you simply want a spare set? WAMS has you covered with the lowest prices and newest inventory. Our ECM's are current production units that come programmed from us with the current GM calibration release VIN matched to your vehicle. Since these are new units there is no security relearn required but your vehicle will require a Crankshaft Position Variation relearn.
